**BOND STREET**  
 Monday consisted of decorating and finishing our name card holders. They turned out adorable! A vigorous game of kickball and duck-duck-goose took up our afternoon.  
 All day Tuesday we created our entries for the clay center at the Rec Center. In the morning we made a visit with an eye plan in the center. Rush! Rush! Rush! was the only word to describe our afternoon. Joanne Thomas, Maria Rondinelli, Ann Bethel, and Jeanette Ciccia made a model of the playground leader Pilgrims landing at Plymouth Rock. With this entry we won third prize in the competition. Congratulations to Oldham, who won first, and Winslow, winning second prize.  
 On Wednesday morning Carole taught the other girls how to make headbands to match their back-to-school fashions. While the older kids sewed, the playground leader taught the younger children to do magic painting. First they drew decorations on the paper, and then came the magic art. Were they surprised when after having painted over the decorations with black paint the picture showed through?  
 All summer we had looked forward to the Nantasket came. We really had a blast! Some of the amusements we went on were the Bumper Cars, the Kooky Kastle, the Congo Ride, the House of Fun, the Whip and several others. But Carole's most favorite rides were the Roller Coaster and the Double Ferris Wheel.  
 On Friday during our lunch hour we had a party at Carole's house. She bought two beautiful cakes with candles and our school team celebrated their two wins of the season. Later on, Carole came and we made a scrapbook for the Norwood kids by cutting out pictures and pasting them to the book.

...a doll carriage parade and a doll contest. The older girls served as judges. "Big" John entered his own little sister, Marybeth. The winner of the doll carriage parade was Donna Connington. In the doll contest, we had several categories: the big doll, the small doll, Barbie and Ken dolls, the original, and the cutest doll. Winners in the big doll category was Debby Becker with a nurse doll. Debbie Wonek was second and Anna Sullivan was third. Jenna Jensen came in first in the small doll category with a second hand Barbie. Theresa Kelly, Kathy and Lois Sullivan came in first, Barbic and Ken Doll came in second. In the most original doll category, Sandy Sullivan, Marlene Sullivan and Carol Jensen were very close contest. The cutest doll was by Kathy Ryan, Brenda McMillan, and Beverly McMillan. The prettiest doll prize for the first runner around doll. In all, the day was a big success.

**LEVIEN GIRLS**  
 Monday morning we decorated and played games. Some of the champions were McGill, Kathy Butters, Maureen Loughane, Susan Greely, Janice and Joyce DeVirgilio.  
 Tuesday we played telephone, freestyle hide and seek, and others. In the afternoon everybody went swimming because of the hot weather.  
 Wednesday afternoon we watched our midget boys defeat the Rec Center, 12-6. Paula came and we filled in scrapbooks for the kindergarten. First they drew decorations on the paper, and then came the magic art. Were they surprised when after having painted over the decorations with black paint the picture showed through?

...as they selected topics for Paula's enormous scrapbook. In the afternoon, assorted dolls were put on a table and checkers were played. There were no definite winners, but there were plenty of fun and excitement.  
 Tuesday was spent mulling over the fact that we had to wait another 48 hours for the "Big Day." This time broke but it did when Nancy lugged her set out of the car.  
 Wednesday was spent making, noodle necklaces while watching the boys play baseball.  
 Thursday we set out for Nantasket and before we reached the beach, the soccer field had ripped his shirt. Dotti, Rainy, Wayne, and Colleen kept us awake with their spirited songs. At our destination, the playground was well time on the amusements. Next day, as tired as we were, the intermediates went to the beach. When they beat Pleasant Park, 24-6. D. Jones, C. Walker, and J. Conway were the prettiest girls. That afternoon, the A. P. Benders, en masse, held a wild bike race.  
 Next week's report, our last, will be full of news about our coming crazy day.

**WILSON STREET BOYS**  
 Monday, we had a singles screeball tournament by dark-horse Charlie Acker in a thrilling contest. However, Steve bounced back to defeat hard-hitting Gary McEttrick in the afternoon. Tuesday the "O" rang a G and broke on a wild act. A challenge from the Wonders. The Ella boys came through with a surprisingly strong 18-6 story.  
 Wednesday featured a water fight. Joe Carey and Don Makie vs Steve and the extra man proved to be the deciding factor. The contestants got well soaked. A familiar sight on the playground, Kelly, Nancy and the Wilson wonders. Wednesday, it seems they had gone to Nantasket with some guys.  
 Thursday's trip to Nantasket seemed to be a big success except for Jimmy Stimpf and Henry Stampf who didn't get the special tags for our ride. Steve Carreiro ended the day with a splash at the Atlantic with his clothes on.  
 Another water fight and a football game were the activities. Stars of the football game were Daryl Stampf and Jimmy Parah.  
**FATHER MCALEER'S GIRLS**  
 If you happened to come up to Father McAleer's on Monday, we hope you weren't afraid of the giraffes, mounting lions, seals, and alligators that were seen everywhere, because they were just a paper cut-out models. Some of the happy makers were Lisa, Doherty, Mary Alice, Judy, Jean, Joan, Patsy, Pat, Kelly, Hoshah, Susan, Gail, Joanne, Martha, Elaine, and Evelyn. Maribeth made a paper animal which cannot be found in any zoo! She called it a "meascat." A new fad has started here. Now everyone wants a meascat. What about you?  
 Tuesday, we had an exciting football game against Joe and the boys. The game ended with the score tied 12-12 because we had the fine play of Donna, Karen, Joanne, Linda, Michello, and Martha. Guess who banged her toe? Paula came Wednesday and we all helped to make scrapbooks.  
 Thursday, we all had fun and excitement.  
 Friday, the intermediates finished out the softball season with a loss to Winslow 6-0. Mike Lyons and again Donna only had five players, Cathy, Laurie, Kathy Val, and Paula. We didn't want to forget so Carole lent over some of her midget play. So we all want to thank

 Hi there baseball fans!  
 This is the vampire report from high above dump site. Last week we were mostly collecting money for Nantasket, which was a blast. We now hold a 75-game lead as a result of a ten-game winning streak completed when the boys, two to be exact, put on their hitting shoes. Thursday night around and we went to Nantasket, some of our boys there passed out the wrong tickets and the leaders had to keep running around Paragon Park all afternoon.  
**WINSLOW GIRLS**  
 Hi again from all us Indians. Another week was passed and do we have a lot of exciting things to report.  
 First of all, our poposes won second prize for their Indian Village. What a nice surprise.  
 Our squaws travelled to the distant land of Nantasket. Joanne, Diane and Rita were the stars. They were the reaction of the nine baseball players in June. Well, Wednesday, one of our players, King, and the Endean felt 5-0 King Khaki Drummy pitched and King Swamp called a ball behind the plate. Swamp called a ball in the morning "With Khaki's arm and my brains we're making a ball game. Swamp's mental capacities were not an obstacle that Zaf Swamp predicted and dressed in their road uniforms of green and mud the warriors walked into victory.  
 Swamp again bravely certain death when he refused to go to the seeking relief. He still had four outs from the bubble blowing contest and, after taking 15 minutes to brush the mask off when changing a four out, he decided to try the mask off. He decided to give the mask off a visage devoid of artificial foliage. As for the shinguards, what you see knees begin to your armpits, ... what can you do?  
 Thursday, we invaded Nantasket and drove 40,000 tourists to the seeking relief. Paragon Park has watched the ravages of sea, sand, and wind but was defenseless against the unending attack of Eddie Spaghetti.  
 Peggy Spuds saw her lunch again after a brief but unsuccessful attack on the frolic.  
 Pat Charles King, our big gun in Farmer's head negotiating a penknife operation early in the day. Some chaps, Mike Lyons, in crime but Fat Charles is under 24 hour vigilance 'cause if he didn't do it, he'll lead me to the door of darkness that

**WINSLOW GIRLS**  
 Hi again from all us Indians. Another week was passed and do we have a lot of exciting things to report.  
 First of all, our poposes won second prize for their Indian Village. What a nice surprise.  
 Our squaws travelled to the distant land of Nantasket. Joanne, Diane and Rita were the stars. They were the reaction of the nine baseball players in June. Well, Wednesday, one of our players, King, and the Endean felt 5-0 King Khaki Drummy pitched and King Swamp called a ball behind the plate. Swamp called a ball in the morning "With Khaki's arm and my brains we're making a ball game. Swamp's mental capacities were not an obstacle that Zaf Swamp predicted and dressed in their road uniforms of green and mud the warriors walked into victory.  
 Swamp again bravely certain death when he refused to go to the seeking relief. He still had four outs from the bubble blowing contest and, after taking 15 minutes to brush the mask off when changing a four out, he decided to try the mask off. He decided to give the mask off a visage devoid of artificial foliage. As for the shingguards, what you see knees begin to your armpits, ... what can you do?  
 Thursday, we invaded Nantasket and drove 40,000 tourists to the seeking relief. Paragon Park has watched the ravages of sea, sand, and wind but was defenseless against the unending attack of Eddie Spaghetti.  
 Peggy Spuds saw her lunch again after a brief but unsuccessful attack on the frolic.  
 Pat Charles King, our big gun in Farmer's head negotiating a penknife operation early in the day. Some chaps, Mike Lyons, in crime but Fat Charles is under 24 hour vigilance 'cause if he didn't do it, he'll lead me to the door of darkness that

...fat travels on the fringe of legal travel.  
 Surf is sick still, Swamp gave him a leather thong to chew. Says it cures all evils, that was a week ago. Now that thing is gone but the malady lingers on.  
 Next week is the final chapter in "The Best of Swamp", Vol. 2. Stay turned on.  
**Memphis Mac**  
 P.S. King Swamp tells us he can lick anybody on the block, except the Brady's. They give him trouble, probably cause they're boys.  
**WILSON STREET GIRLS**  
 Thursday was the most exciting day for us because we went on a lot of rides and tried hard to win some prizes but we didn't have much luck. During the rest of the week we had several contests. In the dozen in all sorters by the Karen and Joanne made some of the best. On Wednesday, Margaret went home a little mad because she got in the way of the ammunition during a park battle. Friday we had a coloring contest and Gail and Jean won coloring books.  
 So Long,

 Hi there baseball fans!  
 This is the vampire report from high above dump site. Last week we were mostly collecting money for Nantasket, which was a blast. We now hold a 75-game lead as a result of a ten-game winning streak completed when the boys, two to be exact, put on their hitting shoes. Thursday night around and we went to Nantasket, some of our boys there passed out the wrong tickets and the leaders had to keep running around Paragon Park all afternoon.
